Hi!

How are you? It's our Christmas holiday now. Christmas time is very cold here. We spend the days in the park playing with the snow.

On Christmas Eve all the family usually have dinner together. We sing songs and we have fun. We always go to bed really late! On Christmas Day, early in the morning, we get up and open the presents under the Christmas tree. Christmas days are my favourite days!

What about you? How do you spend your Christmas days?

Happy Christmas!

Things to see and do in New York

The skyscrapers
 Everyone has seen pictures of the high buildings in Manhattan, the island in the centre of New York. These very high buildings are called skyscrapers. Since 1931, the highest building in the world is the Empire State Building. It is 102 storeys high and there is a very good view of the city from the top.

Boat rides
 The Statue of Liberty stands on a small island in New York Harbour. She was a gift from the French in 1886. She's welcoming immigrants to America. Boats take visitors from Manhattan Island to the Statue of Liberty. There are stairs inside the statue. Visitors can walk up the stairs to the head of the statue. They look out from there at the harbour.
 There are also boat trips around Manhattan Island. Each trip takes about three hours. A guide tells you about the buildings, rivers and bridges during the ride.

New York's parks
 Central Park in Manhattan is used by thousands of New Yorkers and visitors every day. Many of them like to walk in the park. Others like to ice-skate or go to the zoo. In summer, lots of people go out in boats on the lake. Horses pull carriages through the park. On summer evenings, there are outdoor concerts in the park. Many of Shakespeare's plays are performed there too.
